#### Workshop Content:

##### Morning Session:

- Introduction to PCI DSS
- Common issues / challenges faced by organisations adhering to PCI DSS
- Industry update
- Achieving and maintaining compliance
- Best practice guidelines
- Real world examples

##### Afternoon Session:

- Network testing in relation to PCI DSS
- PA DSS (Pen Testing Application DSS)
- ISO 27001 compliance: the synergy and differences with PCI DSS
- Q&A Session

***Throughout the workshop, delegates will be invited to participate in a number of workgroups including scenario setting and special guidance.***

This workshop would appeal to a wide audience including the individuals responsible for compliance with PCI DSS, auditors, Information Security Professionals and the key stakeholders within your organisation.
